PROGRAM OBJECTIVE

Nunavut Harvesters Support Program (NHSP) is to relieve poverty among the Inuit of Nunavut and to preserve and advance Inuit harvesting culture, heritage and traditional ways of life by providing Inuit in need with funding assistance to purchase harvesting equipment.

PROGRAM DESCRIPTION

The NHSP Harvesting Equipment Program provides Inuit in Nunavut who are in need with funding assistance to make harvesting equipment and tools more affordable so they can participate in traditional harvesting activities. An applicant is considered in need if they need financial assistance to purchase harvesting equipment required to support their family and/or community. They are also considered in need if they have suffered equipment loss due to an unavoidable natural disaster.

Funding under disaster relief program will be provided for the following areas:

- a) Funding assistance for disaster relief – total loss of equipment, and
- b) Funding assistance for disaster relief – substantial damage to equipment.
