

The Kitikmeot Inuit Association (KIA) is working on the development of a Conservation Strategy to guide future conservation and protection efforts on Kitikmeot Inuit-owned lands. A major part of this effort will be to meet with HTOs, community members, and traditional land users across our region to discuss potential areas for protection and their concerns about conservation issues.

**The KIA will be in Gjoa Haven
September 22 (Monday) and
September 23 (Tuesday) and is
asking for community
members to participate on
these dates who are traditional
land users or have
conservation concerns.**

**Meetings will at the Inns North Conference Room:
Monday 9 am to 4 pm and Tuesday 9 am to noon.**

If you are interested in participating in these important meetings, please call Susie at the KIA Gjoa Haven office at 867.360.6106 or email her at Slkkutisluk@kitia.ca on or before September 19.
